

Microsoft 365 Admin Center

User Management, Groups, MFA, Password Reset & Role Assignment

Lab Overview

This lab covers the core administrative tasks performed in the Microsoft 365 Admin Center. I had created and manage users, configure groups, enable Multi-Factor Authentication, reset passwords, block and unblock sign-in access, and assign administrative roles to users.

Topics Covered

- ☐ Microsoft 365 Admin Center navigation
- ☐ Creating and managing user accounts
- ☐ Creating Microsoft 365 Groups and Security Groups
- ☐ Configuring Multi-Factor Authentication (MFA)
- ☐ Resetting user passwords
- ☐ Disabling and blocking user accounts
- ☐ Assigning administrative roles

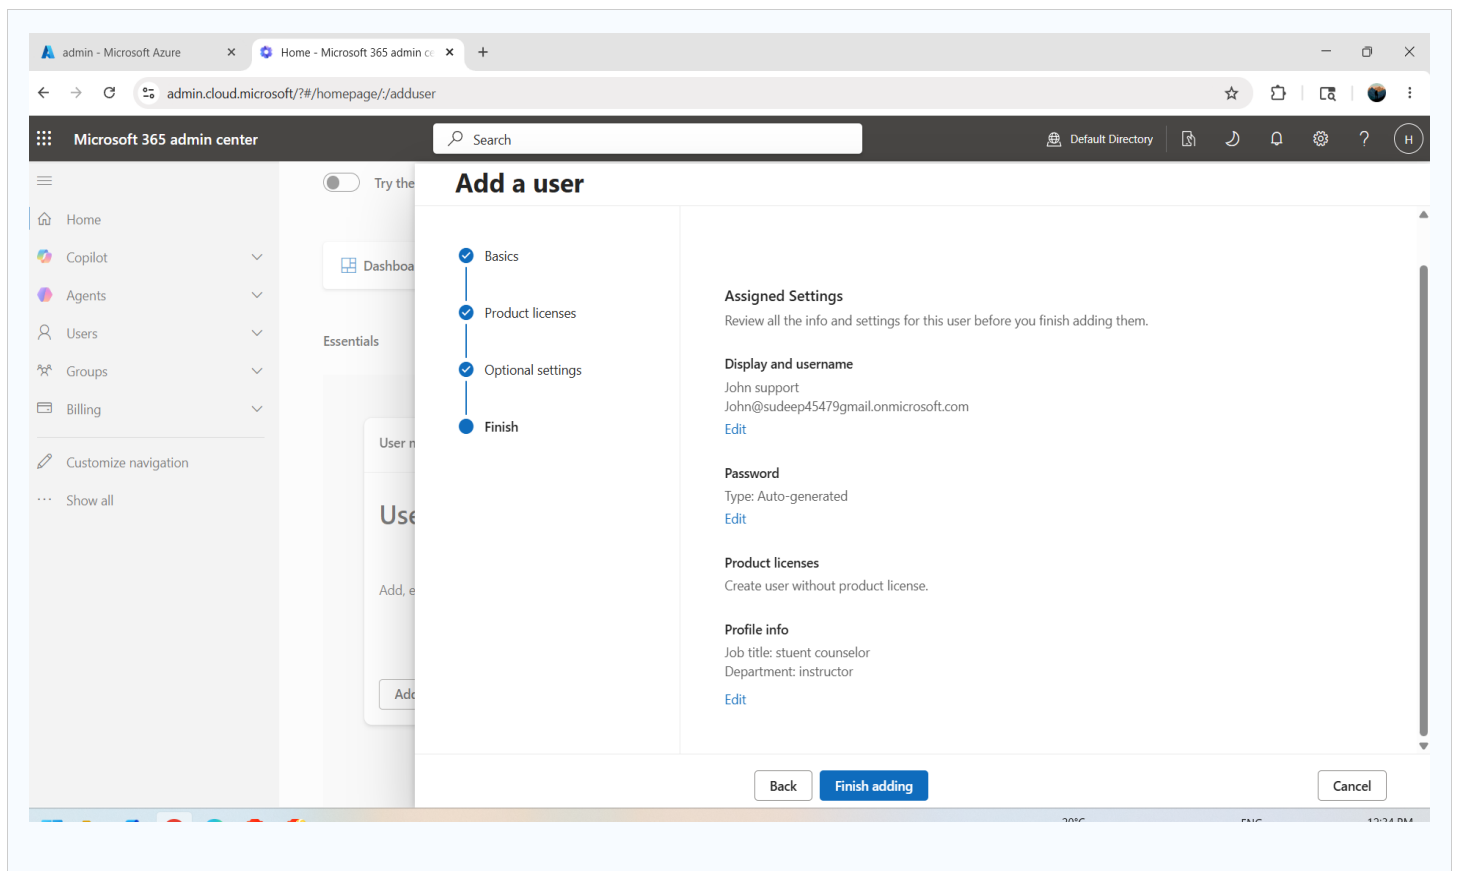

The screenshot shows the Microsoft 365 Admin Center dashboard in a web browser. The browser tabs include 'admin - Microsoft Azure' and 'Home - Microsoft 365 admin center'. The address bar shows 'admin.cloud.microsoft/?#/homepage'. The dashboard has a dark header with a search bar and navigation icons. A left sidebar contains links to Home, Copilot, Agents, Users, Groups, Billing, and a 'Customize navigation' option. The main content area features a 'Try the new dashboard' toggle, a 'Dashboard view' dropdown, and buttons for 'Add user' and 'Reset password'. Below this is an 'Essentials' section with two main cards: 'User management' and 'Training, guides, & assistance'. The 'User management' card includes a description 'Add, edit, and remove user accounts, and reset passwords.' and buttons for 'Add user', 'Edit a user', and 'Reset password'. The 'Training, guides, & assistance' card lists three items: 'Training for admins', 'Advanced deployment guides & assistance', and 'Training for users'. The Windows taskbar at the bottom shows the date and time as 12:31 PM on 24/05/2026.

Microsoft 365 Admin Center Dashboard

The screenshot shows the 'Add a user' wizard in the Microsoft 365 Admin Center. The wizard has a dark header with a search bar and navigation icons. A left sidebar shows a progress indicator with four steps: 'Basics' (selected), 'Product licenses', 'Optional settings', and 'Finish'. The main content area is titled 'Set up the basics' and includes the instruction 'To get started, fill out some basic information about who you're adding as a user.' The form contains the following fields and options:

- First name:** John
- Last name:** support
- Display name ***: John support
- Username ***: John
- Domains:** @sudeep45479gmail.onmicrosoft.com (dropdown menu)
- ☒ Automatically create a password
- ☒ Require this user to change their password when they first sign in

At the bottom of the form are two buttons: 'Next' and 'Cancel'. The Windows taskbar at the bottom shows the date and time as 12:32 PM on 24/05/2026.

The screenshot shows the Microsoft 365 Admin Center interface. The left sidebar contains navigation links: Home, Copilot, Agents, Users, Groups, Billing, and a 'Customize navigation' option. The main content area is titled 'Add a user' and shows a progress bar with four steps: Basics, Product licenses, Optional settings, and Finish. The 'Review and finish' section displays the following information:

- Assigned Settings:** Review all the info and settings for this user before you finish adding them.
- Display and username:** Tom supoort, tom@sudeep45479gmail.onmicrosoft.com (with an [Edit](#) link).
- Password:** Type: Auto-generated (with an [Edit](#) link).
- Product licenses:** Create user without product license.
- Profile info:** Job title: operating events, Department: instuctoer (with an [Edit](#) link).

At the bottom of the wizard, there are three buttons: 'Back', 'Finish adding', and 'Cancel'. The Windows taskbar at the bottom shows the system clock as 12:35 PM on 24/05/2026.

This screenshot is similar to the one above, showing the 'Add a user' wizard in the Microsoft 365 Admin Center. The progress bar and steps are identical. The 'Review and finish' section displays the following information:

- Assigned Settings:** Review all the info and settings for this user before you finish adding them.
- Display and username:** neem stir, neem@sudeep45479gmail.onmicrosoft.com (with an [Edit](#) link).
- Password:** Type: Auto-generated (with an [Edit](#) link).
- Product licenses:** Create user without product license.
- Profile info:** Job title: Team lead, Department: PROGRAM organiser (with an [Edit](#) link).

The 'Back', 'Finish adding', and 'Cancel' buttons are also present at the bottom of the wizard. The Windows taskbar at the bottom shows the system clock as 12:35 PM on 24/05/2026.

The screenshot displays the Microsoft 365 Admin Center interface. The left sidebar contains navigation options: Home, Copilot, Agents, Users, Active users (selected), Guest users, Deleted users, Groups, Billing, Customize navigation, and Show all. The main content area is titled 'Active users' and includes a search bar and action buttons: Add a user, User templates, Add multiple users, Delete a user, Refresh, Reset password, Export users, and a search bar for active users. The filter set is 'Commonly used'. The user list is as follows:

☐	Display name ↑	Username	Licenses	Choose columns
☐	admin	admin@sudeep45479gmail.onmicrosoft.com	Unlicensed	
☐	John support	John@sudeep45479gmail.onmicrosoft.com	Unlicensed	
☐	manager	Manager@sudeep45479gmail.onmicrosoft.com	Unlicensed	
☐	neem stir	neem@sudeep45479gmail.onmicrosoft.com	Unlicensed	
☐	Sudeep Chaurasiya	sudeep45479_gmail.com#EXT#@sudeep45479gmail.onmicrosoft.com	Unlicensed	
☐	Tom supoort	tom@sudeep45479gmail.onmicrosoft.com	Unlicensed	

The bottom of the screen shows a Windows taskbar with various application icons, a system tray with weather (20°C), language (ENG), and time (12:37 PM) information.

The screenshot shows the 'Set up the basics' page in the Microsoft 365 Admin Center. The breadcrumb trail is 'Home > Active groups > Add a Microsoft 365 group'. On the left, a vertical navigation pane shows steps: Basics (selected), Owners, Members, Settings, and Finish. The main content area has a heading 'Set up the basics' and a paragraph: 'A Microsoft 365 group helps people collaborate. It includes an email address for contacting everyone in the group, and a SharePoint site for publishing information. To get started, fill out some basic info about the group you'd like to create.' Below this, there is a 'Name' field with the text 'IT Support Team' and a 'Description' text area with the text 'Help Desk support staff.'. At the bottom, there are 'Next' and 'Cancel' buttons.

The screenshot shows the 'Assign owners' page in the Microsoft 365 Admin Center. The breadcrumb trail is 'Home > Active groups > Add a Microsoft 365 group'. On the left, a vertical navigation pane shows steps: Basics, Owners (selected), Members, Settings, and Finish. The main content area has a heading 'Assign owners' and a paragraph: 'Group owners have unique permissions. They can add or remove members, delete conversations from the shared inbox, and change group settings. Group owners can also rename the group, update the description, and more.' Below this, there is a message: 'You have to have at least one owner. We recommend adding two, so one can help out in the other's absence.' A '+ Assign owners' button is present. Below it, there is a checkbox for 'Display name' and a list of users with a checkbox next to 'admin' (admin@sudeep45479gmail.onmicrosoft.co...). At the bottom, there are 'Back', 'Next', and 'Cancel' buttons.

20°C Cloudy ENG US 12:52 PM 24/05/2026

The screenshot shows the 'Edit settings' step of the 'Add a Microsoft 365 group' wizard. The left sidebar shows the progress: Basics, Owners, Members, Settings (current), and Finish. The main content area has a title 'Edit settings' and a warning: 'You'll be able to change settings, like Allow External Senders or Send Copies of Group Conversations to Members' Inboxes, after the group is created. [Learn more about all settings](#)'. Below this is a paragraph: 'Microsoft 365 groups allow teams to collaborate by giving them a group email and a shared workspace for conversations, files, and calendars. Choose settings for your Microsoft 365 group.' The 'Group email address' field is filled with 'itsupporthelp' and '@sudeep45479gmail.onmicrosoft.com'. The 'Privacy' dropdown is set to 'Public'. Under 'Role assignment', the checkbox 'Allow admin roles to be assigned to this group' is unchecked, with a note: 'This setting will be permanent for this group. [Learn more about assigning roles to groups](#)'. A warning states: 'Role assignment should be enabled only when Group is Private.' At the bottom are 'Back', 'Next', and 'Cancel' buttons.

The screenshot shows the 'Review and finish adding group' step of the wizard. The left sidebar shows the progress: Basics, Owners, Members, Settings, and Finish (current). The main content area has a title 'Review and finish adding group' and a message: 'You're almost there - make sure everything looks right before adding your new group.' It lists the group details: 'Group type: Microsoft 365', 'Basics: Name: IT Support Team, Description: Help Desk support staff.', 'Owners: admin', 'Members: admin, John support, Tom support', and 'Settings: Email: itsupporthelp@sudeep45479gmail.onmicrosoft.com, Privacy: Public, Role assignment: Disabled'. At the bottom are 'Back', 'Create group', and 'Cancel' buttons. The Windows taskbar at the bottom shows the time as 12:55 PM on 24/05/2026.

The screenshot shows the Microsoft 365 Admin Center interface in a web browser. The browser tabs include 'admin - Microsoft Azure' and 'Active groups - Microsoft 365'. The address bar shows the URL: `admin.cloud.microsoft/?#/addgroupwizard/M365Group`. The page title is 'Microsoft 365 admin center'. The left navigation pane shows a breadcrumb trail: 'Home > Active groups > Add a Microsoft 365 group'. The main content area is titled 'Review and finish adding group' and contains the following information:

- Group type:** Microsoft 365 (with an [Edit](#) link)
- Basics:** Name: Management Department, Description: Management department access. (with an [Edit](#) link)
- Owners:** manager (with an [Edit](#) link)
- Members:** admin, manager (with an [Edit](#) link)
- Settings:** Email: management@sudeep45479gmail.onmicrosoft.com, Privacy: Public, Role assignment: Disabled. (with an [Edit](#) link)

At the bottom of the main content area, there are 'Back' and 'Create group' buttons. A 'Cancel' button is also visible in the bottom right corner of the page. The Windows taskbar at the bottom shows the system clock as 12:57 PM on 24/05/2026, with a temperature of 20°C and 'Cloudy' weather.

The screenshot shows the 'Review and finish adding group' page in the Microsoft 365 Admin Center. The left sidebar contains a navigation menu with options: Home, Copilot, Agents, Users, Groups, Active groups, Deleted groups, Billing, Customize navigation, and Show all. The main content area is titled 'Review and finish adding group' and includes a progress indicator on the left with steps: Basics, Owners, Members, Settings, and Finish. The main content area displays the following information:

- Group type:** Microsoft 365 (with an [Edit](#) link)
- Basics:** Name: HR Team, Description: HR department access. (with an [Edit](#) link)
- Owners:** manager (with an [Edit](#) link)
- Members:** manager, neem stir (with an [Edit](#) link)
- Settings:** Email: hrdepartment@sudeep45479gmail.onmicrosoft.com, Privacy: Public, Role assignment: Disabled. (with an [Edit](#) link)

At the bottom of the main content area are buttons for 'Back', 'Create group', and 'Cancel'. The bottom status bar shows the date and time as 1:00 PM on 24/05/2026.

The screenshot shows the 'Active groups' page in the Microsoft 365 Admin Center. The left sidebar contains a navigation menu with options: Home, Copilot, Agents, Users, Groups, Active groups, Deleted groups, Billing, Customize navigation, and Show all. The main content area is titled 'Active groups' and includes a search bar labeled 'Search all groups'. Below the search bar are tabs for 'Microsoft 365 groups', 'Distribution list', and 'Security groups'. The 'Microsoft 365 groups' tab is selected, showing a list of groups with columns: Name, Email, Sync status, Membership type, Privacy, and Created on. The list contains three items:

Name	Email	Sync status	Membership type	Privacy	Created on
☐ HR Team	hrdepartment@sudeep45479gmail.onmicrosoft.com	Cloud	Assigned	Public	May 24, 2026 at 1:00 PM
☐ IT Support Team	itsupporthelp@sudeep45479gmail.onmicrosoft.com	Cloud	Assigned	Public	May 24, 2026 at 12:55 PM
☐ Management Department	management@sudeep45479gmail.onmicrosoft.com	Cloud	Assigned	Public	May 24, 2026 at 12:58 PM

At the bottom right of the main content area are buttons for 'Add a Microsoft 365 group', 'Export', and 'Refresh'. The bottom status bar shows the date and time as 1:00 PM on 24/05/2026.

The screenshot shows the Microsoft 365 Admin Center interface. The breadcrumb trail is Home > Active groups > Add a security group. On the left, a progress bar shows 'Basics' as completed and 'Finish' as the current step. The main heading is 'Review and finish adding group'. Below this, a message states: 'You're almost there - make sure everything looks right before adding your new group.' The 'Group type' is set to 'Security' with an 'Edit' link. The 'Basics' section shows the group name 'IT Support Team' and description 'Level 1 IT Support staff', also with an 'Edit' link.

The screenshot shows the Microsoft 365 Admin Center 'Active users' page. The breadcrumb trail is Home > Active users. The page title is 'Active users'. Below the title, there are action buttons: 'Add a user', 'Refresh', 'Delete user', 'Reset password' (highlighted with a tooltip 'Reset password (Shift+R+P)'), 'Manage product licenses', 'Export users', and a selection indicator '1 selected'. A search bar for 'Search active users list' is also present. Below the buttons, there are filter tabs: 'Commonly used' (selected), 'Licenses', 'Sign-in status', 'Domain', and 'Location'. A table lists the active users with columns for 'Display name', 'Username', and 'Licenses'. The table includes a 'Choose columns' link. The users listed are: admin, John support, manager, neem stir, Sudeep Chaurasiya, and Tom supoort (selected). The table data is as follows:

Display name	Username	Licenses
admin	admin@sudeep45479gmail.onmicrosoft.com	Unlicensed
John support	John@sudeep45479gmail.onmicrosoft.com	Unlicensed
manager	Manager@sudeep45479gmail.onmicrosoft.com	Unlicensed
neem stir	neem@sudeep45479gmail.onmicrosoft.com	Unlicensed
Sudeep Chaurasiya	sudeep45479_gmail.com#EXT#@sudeep45479gmail.onmicrosoft.com	Unlicensed
Tom supoort	tom@sudeep45479gmail.onmicrosoft.com	Unlicensed

The screenshot displays the Microsoft 365 Admin Center interface. The left sidebar contains navigation options: Home, Copilot, Agents, Users (selected), Groups, Billing, and Customize navigation. The main content area is titled 'Active users' and shows a list of users. The user 'Tom supoort' is selected, and a notification on the right states 'Password has been reset'. The notification includes a 'Print' button and a message: 'You've successfully reset the password for this user.' Below the notification is a table with the user's details.

User	Password
tom@sudeep45479gmail.onmicrosoft.com	P(579618329073at Hide

The bottom of the screen shows a Windows taskbar with the Start button, taskbar icons, and a system tray displaying weather (20°C Cloudy), language (ENG US), and date/time (1:14 PM, 24/05/2026).

The screenshot shows the Microsoft 365 Admin Center interface. On the left is a navigation pane with options like Home, Copilot, Agents, Users, Groups, Billing, and Customization. The main area is titled 'Active users' and shows a list of users. The user 'neem stir' is selected. On the right, the 'User Details' panel for 'neem stir' is displayed, showing their profile picture, email address, and various management options like 'Reset password', 'Block sign-in', and 'Delete user'. The 'Block sign-in' button is highlighted with a red box. Below the user details, there are tabs for 'Account', 'Devices', 'Licenses and apps', 'Mail', and 'OneDrive'. The 'Account' tab is active, showing the user's username, groups, manager, and contact information.

Figure 7.1 – Manage Roles panel for John Support

The screenshot shows the Microsoft 365 Admin Center interface with the 'Block sign-in' dialog box open. The dialog box is titled 'Block sign-in' and shows the email address 'neem@sudeep45479gmail.onmicrosoft.com'. It contains a green checkmark and a message: 'neem stir is now blocked from signing in. They'll automatically be signed out of all Microsoft services within 60 minutes.' Below this, there is a paragraph explaining that blocking a user prevents anyone from signing in as that user and stops any new sign-ins. At the bottom of the dialog, there is a checkbox labeled 'Block this user from signing in' which is checked. There are 'Save changes' and 'Cancel' buttons at the bottom of the dialog. The background shows the 'Active users' list with 'neem stir' selected.

The screenshot shows the Microsoft 365 Admin Center interface. The left sidebar contains navigation links for Home, Copilot, Agents, Users, Groups, Billing, and Customize navigation. The main content area is titled 'Active users' and shows a list of users. The user 'neem stir' is selected, and their details are displayed on the right. The user's status is 'Sign-in blocked'. The details include Username, Groups, Roles, Contact information, and First/Last name.

The screenshot shows the Microsoft 365 Admin Center interface with the 'Unblock sign-in' dialog open. The dialog explains that blocking a user prevents anyone from signing in as that user and stops any new sign-ins. It also states that this won't stop the account from receiving mail and doesn't delete any data. The user 'neem stir' is selected, and the 'Block this user from signing in' checkbox is checked. A warning message indicates that it may take up to 15 minutes until the user can sign-in again. The 'Save changes' button is highlighted.

Unblock sign-in

neem@sudeep45479gmail.onmicrosoft.com

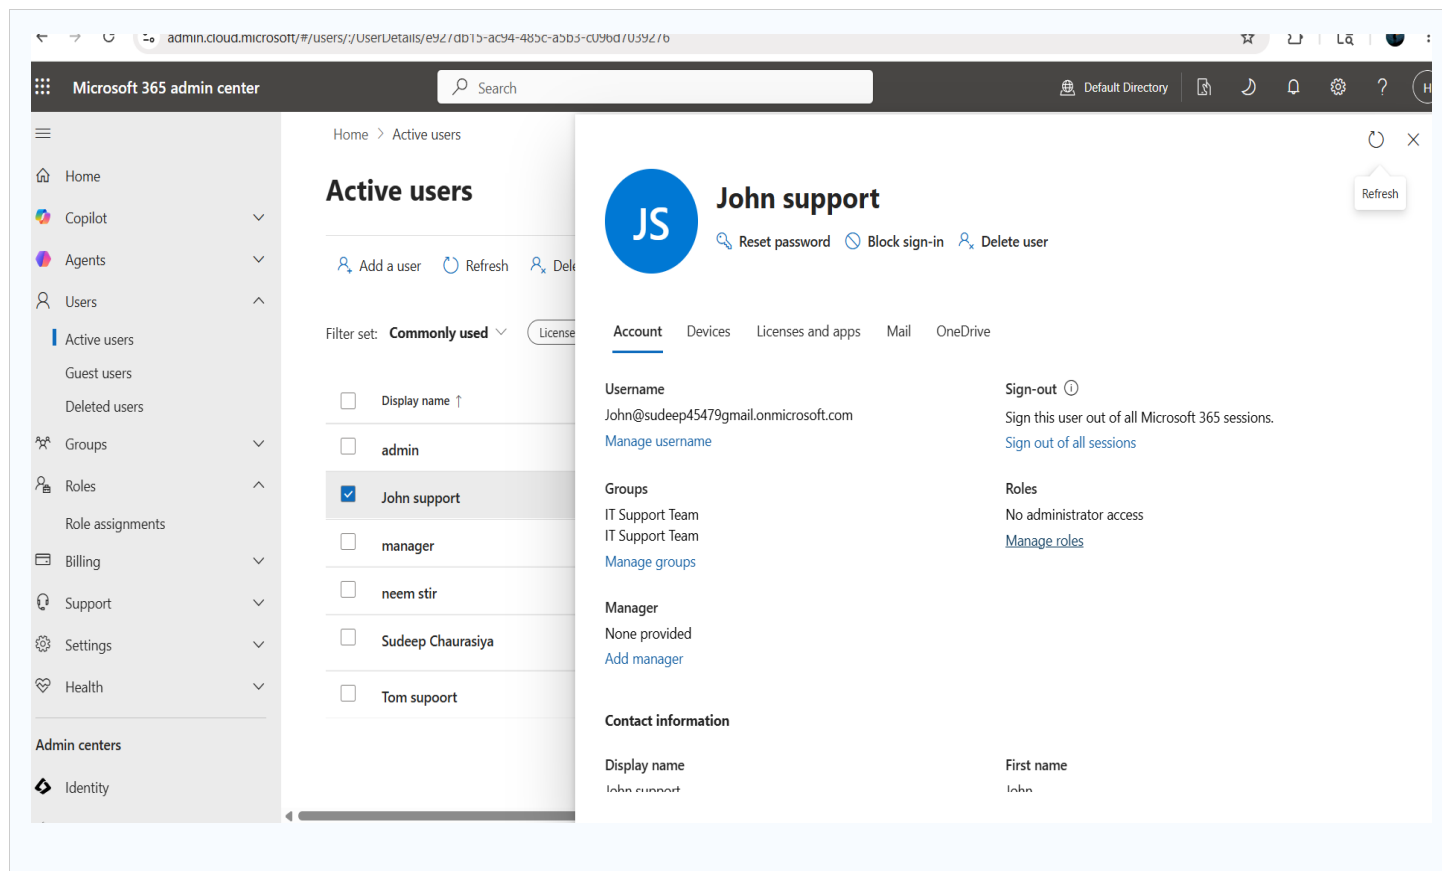

Blocking someone prevents anyone from signing in as this user, and is a good idea when you think their password or username may have been compromised. When you block someone, it immediately stops any new sign-ins for that account, and if they're signed in, they'll be automatically signed out from all Microsoft services within 60 minutes.

This won't stop the account from receiving mail, and doesn't delete any data.

☒ Block this user from signing in
